

PRODUCT DESCRIPTION

Model: **AD-TABLETTE-70W-SP-COMPLET-37PO-01**

The full-spectrum PhytoDEL horticultural LED light bar from Advanced Solutions provide your indoor crops with quality light that promote good plant health and vigorous growth. This type of lighting solution performs particularly well in vertical or multi-story cultivation setup with distances of less than 24 inches from the canopy. The phytosanitary spectrum, provide extra protection against insect pest, fungi, and mold.

TECHNICAL SPECIFICATION	LED LIGHT BAR PHYTOSANITARY FULL SPECTRUM
LED Type	370 Pcs, 2835 SMD
Spectrum Color	Phytosanitary Spectrum PHYTODEL
Lens	Clear acrylic
IP Rating	IP55
Input Voltage	Autodetection 100-277V
Power	70 W per bar LED
Power Factor	> 0.9
PPFD	> 300 $\mu\text{mol/s}$
Operation temp	32 à 36C°, at .amb.t 25-26 C°, 1km/h wind
Thermal Management	Passive cooling
Luminous Flux :	>10000 lumens
Dimensions (LxD)	1200* D 26mm (4FT)
Fixture Dimensions	37" x 3" x 1 1/16"
Weight Estimate	2.14lb / 1.3 kg
Light Distribution	120° optic
Dimming options	Optional external dimmer
Chips Lifespan	L90 : > 50,000hs
Limited Warranty	3 Years
